श्री आर॰ पी॰ गोयनका: सभापति महोदय, मंत्री जी ने जवाब में 5 शहरों का नाम बताया है--दिल्ली, मुम्बई, चेन्नई, कोलकाता और हैदराबाद। मेरी समझ में ऐसा आता है कि अमृतसर और कोचीन इन दो जगहों में बहुत बड़े रूप में गोलमाल होता है। अगर इनका नाम भी एड कर दिया जाए तो अच्छा रहेगा?

श्री हरिन पाठक: ठीक है।

SHRI S. VIDUTHALAI VIRUMBI: Some people of India went abroad using fake passport, and fake visa is the question raised by my colleague. Some people were arrested in foreign countries and they are being deported. what we want to know is whether there are Indian citizens sent by foreign countries back to India on charges of obtaining fake visa. How many people have been arrested in and deported from foreign countries?

श्री हरिन पाठक: सर, हमारे देश के जो नागरिक विदेशों में जाते हैं और अगर उस देश की सरकार को यह पता चलता है कि वे फेक वीजा पर आए हुए हैं तो उस देश की सरकार उन पर कानूनी कार्रवाई करके हमारे दूतावास को सारी इंफार्मेशन देती है। जब कानूनी कार्रवाई वहां सम्भावित देश में पूरी हो जाती है तो फिर हमारा दूतावास उस पर काम करके हमारे देश में उसे वापिस भेज देते हैं।

MR. CHAIRMAN: Now, Question No. 202.

Installation of computers in Police Stations in Delhi

*202. SHRIMATI N. P. DURGA:†
SHRI RAVULA CHANDRA SEKAR REDDY:

Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether Delhi Police propose to install computers at certain police stations to ensure early availability of data which can help in expeditious investigation of cases;

(b) if so, the number of police stations where computers have been or are proposed to be installed; and

(c) by when computers will be in place at all the police stations?

---

†The question was actually asked on the floor of the House by Shrimati N.P. Durga.

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI HARIN PATHAK): (a) to (c) A statement is laid on the Table of the House.

Statement

(a) to (c) Yes, Sir. Delhi Police propose to introduce, over a period of one year, computerization at the Police Station level and its networking to serve as a readily accessible data bank to facilitate prevention, detection and investigation of crime. A formal proposal in this regard has been recently recieved by the Government and is under its active consideration.

SHRIMATI N. P. DURGA: Sir, I would like to know whether it is true that the National Crime Records Bureau, in coordination with the Intel, developed POLNET, the largest network application in Delhi. If so, what are the details of this project and how many Police Stations in Delhi have so far been connected with this network?

What steps is the Ministry taking to computerise the crime records in the police stations of Delhi?

SHRI HARIN PATHAK: Sir, the study conducted by the Electronics Corporation of India and the Bureau of Police Research and Development, उनके सहयोग से दिल्ली पुलिस ने दिल्ली में 123 पुलिस स्टेशन को कम्प्युटराइज्ड करने का एक प्रपोज़ल केन्द्र सरकार के पास भेजा है। उस प्रपोजल को हम एक्जामिन कर रहे हैं कि दिल्ली के 123 पुलिस स्टेशनों में कम्प्युटराइजेशन का प्रोग्राम कैसे लिया जाए। So, the proposal has been accepted in principle. But we are examining all the aspects of the proposal. As soon as the queries are answered and other information by the Delhi Police are given back to the Home Ministry, we will definitely look into it.

SHRIMATI N. P. DURGA: Sir, it is not only police stations but also police posts in Delhi should have the basic computer infrastructure to deal with organised crime. So, I would like to know from the hon. Minister how many police stations have the inter-connected software called V-Cop. If so, the details thereof? If not, what measures is the Government taking to introduce the same in all the police stations in Delhi?

श्री हरिन पाठक: सर, जैसाकि मैंने कहा कि दिल्ली पुलिस में लगे हुए कम्प्युटर अभी अपने आंतरिक कामकाज के लिए हैं, कनेक्टिविटी के लिए तो प्रपोजल अभी हमारे पास आया है,

which is under consideration. The question is limited to 123 police stations in Delhi.

SHRI RAVULA CHANDRA SEKAR REDDY: Sir, police modernisation continues to remain a national priority from the point of view of internal security. In this background, I would like to know from the hon. Minister whether it is true that the Review Committee of the Ministry of Home Affairs has recommended for raising the Central assistance to the States for modernisation to 75 per cent from the present 50 per cent. If so, the details may please be given and by when is the Ministry going to implement these recommendations?

SHRI HARIN PATHAK: Sir, the question is about computerisation of police stations in Delhi....*(Interruptions)*...

SHRI RAVULA CHANDRA SEKAR REDDY: But computerisation is part of modernisation. ...*(Interruptions)*... Sir, I have a question pertaining to Delhi also. ...*(Interruptions)*... I will put a question. ...*(Interruptions)*...

MR. CHAIRMAN: I do not allow. .. *(Interruptions)*... I won't allow the second supplementary.

SHRI RAVULA CHANDRA SEKAR REDDY: Sir, I am also a signatory. ...*(Interruptions)*...

MR. CHAIRMAN: You are a signatory, but you can put only one question.

डा॰ अलादी पी॰ राजकुमार: सर, एक मौका दे दीजिए। ये नये मेम्बर हैं। सर, इनको एक सवाल पूछने का मौका दे दीजिए।

श्री सभापति: सभी नये हैं। वे भी नये हैं। मैं भी नया हूं।

डा॰ अलादी पी॰ राजकुमार: सर, बड़ेपन से एक मौका दे दीजिए।

SHRI RAVULA CHANDRA SEKAR REDDY: Sir, I would like to know from the hon. Minister whether it is true that in the year 2000 the Bureau of Police Research and Development submitted a report on the modernisation of the police stations in Delhi. If so, what are the major recommendations made by the Bureau?

DEPUTY PRIME MINISTER IN CHARGE OF THE MINISTRY OF HOME AFFAIRS AND MINISTRY OF PERSONNEL, PUBLIC GRIEVANCES AND PENSIONS (SHRI L.K. ADVANI): So far as modernisation of police force is concerned, जो निर्णय अभी तक है उसके अनुसार मैचिंग ग्रांट उनको भी देनी पड़ती है जितनी केन्द्र देता है, उतनी उनको देनी पड़ती है and over the years, it has been brought to our notice कि यह सबके लिए संभव नहीं है इसलिए एक रिव्यु कमेटी बनी और जिसने अब निर्णय किया है कि 75 परसेंट सेंटर देगा और 25 परसेंट प्रदेश देगा।

SHRI HANSRAJ BHARDWAJ: Sir, I am really disturbed by the answer of the hon. Home Minister Delhi which has assumed such a significance in the context of the threats, all kinds of threats, that Delhi is facing yet the Government has not prepared the Delhi Police on scientific lines. Everybody knows that this kind of manual work in investigation, which was started 200 years ago, will not do. Now, the world over, whether it is the Scotland Yard or anywhere else, if you go there, not only computerisation but also the teams of forensic experts are readily available to the police so that they can collect data to help in investigation. May I know from the Home Minister how soon Delhi Police will be modernised on the lines of the Scotland Yard or Interpol or any other police forces organised world over because a manual report in a *rojnamcha* and a report in a computer is quite a different thing. Therefore, may I know from the hon. Home Minister whether he will take it on immediate basis that the Delhi Police whose challenges have increased tremendously over the years, notwithstanding the hard work the Delhi Police has done over the last five or six years,...

श्री सभापति: ठीक है।

SHRI HANSRAJ BHARDWAJ: But, yet we want sufficient improvement and specific allotment of funds to them.

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI I. D. SWAMI): Sir, since I am dealing with this subject, I may be able to inform the august House that a Scheme called POLNET, with the help of satellite, has already been formulated and the modalities are being worked out for the whole country. The effect of that would be that every police station would be connected with all other district headquarters in the country, in turn with the State, and the States would be connected with the Centre. Once the POLNET Scheme is put through, under the

Police Modernisation Scheme, certain amount is being separately allocated for POLNET Scheme.

Inclusion of regional language in the eighth schedule of Constitution

*203.SHRI JANARDHANA POOJARY: Will the Minister of HOME AFFAIRS be pleased to state:

(a) what is the criteria for inclusion of a regional language in the Eighth Schedule of the Constitution of India;

(b) Whether there was demand for inclusion of 'Tulu' language in the Eighth Schedule, considering its rich cultural and historical value and for the fact that it is spoken by a vast number of people in Karnataka, Kerala, Maharashtra, Gujarat, Tamil Nadu, Andhra Pradesh and even to some extent in Delhi; and

(c) if so, the details in this regard and reaction of Government thereto?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI I. D. SWAMI): (a) to (c) A statement is laid on the Table of the House.

Statement

(a) No criteria has yet been laid down for inclusion of more languages in the Eighth Schedule to the Constitution of India.

(b) Yes, Sir.

(c) The Government have decided to set up a High Powered Body to evolve criteria for inclusion of languages in the Eighth Schedule to the Constitution. Issue of inclusion of Tulu language in the Eighth Schedule to the Constitution shall be considered in the light of criteria so evolved.

SHRI JANARDHANA POOJARY: Sir, kindly look at the reply given by the hon. Minister. The reply to part (c) of my question says, "The Government have decided to set up a High-Powered Body to evolve criteria for inclusion of languages in the Eighth Schedule to the Constitution." The same reply was given, about ten months ago, while replying to a Private Member's Bill, moved by Dr. Karan Singh, who requested for inclusion of Dogri language in the Eighth Schedule to the
